**FROM:** Carole Green  
Secretary

**DATE:** June 13, 2005

**SUBJECT:** Notice of Instruction: Florida Administrative Weekly  
Announcements

---

The purpose of this notice is to request that, effective immediately, any requests for proposals that are issued by an area agency on aging and posted in the Florida Administrative Weekly, be posted under the title of the specific AAA making the announcement and not the Department of Elder Affairs. Hopefully this will provide clarification toward the identity of the announcing entity, reduce confusion and redirect misdirected communication.
