

**FOR IMMEDIATE RELEASE**

November 13, 2017

1,250 Assisted Living Facilities Have Not Responded to Requirements in the Department of Elder Affairs Rule

TALLAHASSEE, Fla. – Today, Department of Elder Affairs (DOEA) Secretary Jeffrey Bragg released an updated number of 1,250 assisted living facilities (ALFs) who have not yet responded to requirements in Emergency Rule 58AER17-1. By October 31, all assisted living facilities were required to submit a detailed emergency power plan to DOEA or apply for a waiver. Noncompliant facilities will be subjected to the fine of \$1,000 per day or license revocation beginning November 15 if they fail to come into compliance by the deadline.

Secretary Bragg said, “We are working very hard to update our information about nonresponsive facilities. We did hear from some ALFs who should not have been on the list, and we immediately went to work to verify the information and correct our list where appropriate. In doing so, however, we have found that the number of nonresponsive facilities actually increased, and we continue to work with facilities to help them follow the guidelines laid out in the rule.”

In a press release published November 8, 2017, the Department announced that 1,186 facilities had not yet responded. The release included a disclaimer that if a facility believed that it was on the list in error to email the Department at the ALF Rule Comment email address provided so that staff could review the information, identify any discrepancies, and amend the list where appropriate. Several individuals have contacted the Department in other ways despite these instructions, which has made the process of accurately updating the list very difficult.

If you are listed below and believe that you have already submitted information responsive to the rule, please resend your Emergency Power Plan (EPP) or Waiver Request to ALFRuleComment@elderaffairs.org. You MUST include your **ALF License Number and Facility Name** in the *subject line* to ensure accurate data reporting. Please do not fax, mail, call, or email to any other state agency, department, or other DOEA personnel. The Department will continue to update this list as more information is provided by the facilities, and will be posting the updated information on our website at www.elderaffairs.org. Please note that any facility that was responsive to the requirements laid out in the rule will not be assessed the \$1,000 fine.

Facilities currently on the list as not responsive:
