# 2021 Profile of Older Floridians

Clay County

This profile of older Floridians is a source of current information related to seniors in the county. Topics include the current and future population of older adults, the prevalence of older adults who experience financial and housing issues, the array of health and medical resources, and information related to disasters. As Florida's older adult population grows, awareness of these issues is needed to ensure that elders continue to be vital participants in their communities.

Elder Needs Index

Legend

Clay County

ENI Calculation: PSA 4

- 0.000000 - 32.416621
- 32.416622 - 35.109779
- 35.109780 - 38.646857
- 38.646858 - 43.827827
- 43.827828 - 62.666930

The Elder Needs Index (ENI) is a measure that includes: (1) the percentage of the 60 and older population that is age 85 and older; (2) the percentage of the 55 and older population that are members of racial or ethnic minority groups; (3) the percentage of the 65 and older population with one or more disability; and (4) the percentage of the 55 and older population living below 125 percent of the Federal Poverty Level. ENI is an averaged score indicating older adults who may need social services within a geographic area. It is not a percentage of the area's population. Areas are color coded by their level of need, with light purple/blue areas representing areas with comparatively less need while the darker blue areas represent areas with high levels of need. The boundaries of Census Tracts correspond to the shape of each area on these maps. Interactive maps, viewing software, and a detailed user's guide are available at http://elderaffairs.state.fl.us/doea/eni_home.php

The index cutpoints in the ENI is scaled at the PSA-level for the PSA and County Profiles Maps, and at the State-Level for the State of Florida map.

Note: The American Community Survey (ACS) requires a minimum of 50 cases in

a geographic area and therefore a value of 0 may denote fewer than 50 seniors in a region.
Clay County Demographic Profile

The population pyramid below compares the projected older adult population by gender between 2018 and 2030, demonstrating the changes expected in the next decade. As a whole, Florida is expected to experience population growth, with some areas expecting notable growth in the proportion of those age 65 and older.

Source: BEBR, 2021

Older Adult Dependency Ratio

The dependency ratio contrasts the number of working-age (15-64) individuals compared to the number of individuals age 65 and older who are likely retired from the workforce. This ratio reflects the ongoing contributions of taxes and wages to support the health care and retirement systems used by retirees, as well as the availability of younger individuals to serve as caregivers to older loved ones.

	2018	2020	2030	2040
Retired Age (65+)	45,835	34,687	49,777	57,431
Working-Age (15-64)	141,079	141,079	154,025	165,620

Source: BEBR, 2021

■ Working-Age (15-64)   ■ Retired Age (65+)

Clay County Financial Profile

This section examines financial conditions, poverty rates, and the cost of living for older Floridians. The ratio of income to poverty level graphic below shows the distribution of older adults relative to the poverty level to show the proportion of the senior population who fall below the Federal Poverty Level (FPL). The portrayal of the financial conditions of older adults is detailed in the final graphic, which includes information about income relative to rates of homeownership and partnership status in the consideration of cost of living.
Federal Poverty Level	Value
Single-Person Household	$12,140
Two-Person Household	$16,460
125% Single-Person Household	$15,175
125% Two-Person Household	$20,575

Source: U.S. Department of Health & Human Services, 2021

| Poverty	Value	Percent
At Poverty Level	39,675	82%
Below 125% of Poverty Level	3,120	6%
Minority At Poverty Level	5,755	12%
Minority Below 125% of Poverty Level	755	2%

Source: AGID 2014-18 ACS

Ratio of Income to Poverty Level

Value is expressed as the percentage of the 60+ population, with the dotted lines representing the Federal Poverty Level.

Source: AGID 2014-18 ACS

Financial Conditions

Cost of living is an index of how much income retired older adults require to meet their basic needs to live in their community without assistance.

Clay County Livability Profile

The livability section presents new elements, such as available affordable housing for older adults. Many essential community elements are also included below, such as sidewalk safety, the safety of roadways, and availability of green spaces. The rates of older Floridians who have access to a vehicle or public transportation, as well as the availability of internet access and various food resources, are also provided. These provide estimates of older adults' ability to access community resources.

Pedestrian Safety	Percent
Sidewalks with Barriers	29%

Physical barriers are those that separate motorized vehicle lanes from sidewalks or shared path (e.g. areas for parking lots, guardrail, trees, etc.).

Source: Florida Department of Transportation, 2021

Road Incidents	Value
Total Involved in Fatal Car Crashes per 100,000	46

This figure includes occupants and non-occupants involved in a crash.

Source: Florida Department of Highway Safety and Motor Vehicles, 2020

Internet Access (65+)	Percent
Have Internet Access	89%

Source: U.S. Census Bureau, 2015-2019 ACS

Food Resource Centers	Value
SNAP Access Sites	1
Fresh Access Bucks Outlet	1
Farmer's Market	1
Food Distribution (No Cost)	10
SNAP Retailers	137
Congregate Meal Sites	3

Food Distribution (No Cost) is the number of food pantries, soup kitchens, and food banks in the area.

Source: Feeding Florida.org, USDA, FDACS, 2021, and Florida DOEA, 2019

Public Transportation Options	Value
Bus Operations at least at the County	0
Rail Operations at least at the County	0
Public Transit Service Area (sq. mi.)	0
Public Transit Service Area Population	0
Annual Unlinked Trips	0
Vehicles Operated in Maximum Service (VOMS)	0
Total Miles of Bike Lanes	45

Information on service area is not reported by rural and intercity public transit.

VOMS are the number of vehicles operated to meet the annual max service, and unlinked trips are the number of passengers boarding public transit.

Source: Federal Transit Administration, 2017, and FDOT, 2019

Green Space	Value
Number of Nearby State Parks	2

Nearby refers to the park that has the shortest distance from the center of the county.

Clay County Health Profile and Medical Resources

The health and medical section presents the variety and availability of different types of facilities, medical professionals, and treatment services in the community. This includes complex estimates based on probable usage by older adults. For example, the "Medically Underserved" are areas designated by the U.S. Department of Health and Human Services as having too few primary care providers, high infant mortality, high poverty, or a high elderly population. Medical access and health support services information is an important area for community planners to ensure that support is in place to accommodate an older population.

Clay County Disaster Preparedness

The disaster preparedness section presents the count and percentage of people age 60 or older living in the legislative district that fall within particular storm surge evacuation zones, as well as the number of DOEA Home and Community-Based Services (HCBS) clients who reside in these zones. The estimate of electricity-dependent individuals is presented by insurance type to show the number of people who use electricity-dependent medical equipment necessary for things such as survival or mobility. This information can also be used to evaluate the sufficiency of shelters, generators, and evacuation route roadways to handle the needs of seniors and medically fragile adults in emergencies.

Electricity-Dependent	Value
Medicare Beneficiary	2,049
Medicaid Beneficiary	60

Medicare beneficiary includes the entire Medicare population (65+ and SSI Recipients).

Medicaid beneficiaries are individuals age 60 to 64.

Source: Florida AHCA and U.S. Centers for Medicare & Medicaid Services, 2021

Shelter Resources	Value
Number of General Shelters	24
