

Assessing the Needs of Elder Floridians: PSA 3

Introduction

A needs assessment was conducted by the Florida Department of Elder Affairs to determine the needs of elders residing in the community. Elders were sampled regardless of whether or not they had ever contacted or received services from the Department. Survey results are summarized at the Planning and Service Area (PSA) level and include special tabulations for “hard-to-measure” rural, low-income, and minority populations of elders. The survey was comprised of 82 questions distributed across 16 categories to assess need in such areas as health, employment, and transportation. PSA 3 is made up of the following counties: Alachua, Bradford, Citrus, Columbia, Dixie, Gilchrist, Hamilton, Hernando, Lafayette, Lake, Levy, Marion, Putnam, Sumter, Suwannee, and Union.

Survey Questions: PSA 3

Living Situation

Question 1: What is your current living situation?

	PSA 3	STATE	MINORITY	LOW-INCOME	RURAL
Live with spouse	55%	49%	38%	41%	55%
Live alone	28%	31%	31%	35%	25%
